Dear Sir or Madam:

I would like to express my sincere support for the nomination of Wolf Wineman and Construction Solutions for the Pyramid Awards, concerning the "Holmes Road Police Facility Project" for Ypsilanti Township.

From the initial concept to the final punch list, Wolf Wineman displayed the utmost in professionalism and attention to detail. Impressive was their ability to fulfill our requirement of getting a tremendous amount of functional design into a space that made the task difficult at best. The result was a facility that is not only functional but also aesthetically appealing (in all aspects) and comfortable. The service they provided was equally impressive. From insuring that all contractual obligations were met to weekly site meetings with the Contractor and I, working together through any problems that may have developed. Since that project was completed, we have hired Wolf Wineman to assist us in another undertaking, which in itself is testimony to their performance.

Construction Solutions also worked well together with Wolf Wineman and Ypsilanti Township. Despite the usual unexpected difficulties the project was completed in a timely manner that displayed craftsmanship and professionalism. Like Wolf Wineman, Construction Solutions provided great customer service throughout the project and worked cooperatively, while remaining within our budgetary guidelines.

In my experience, construction projects of this scope seldom come to fruition as trouble free as this one has. The work was completed on time, within budget and demonstrated superior workmanship. This endeavor exemplified the true spirit of teamwork between the Owner, Architect and Contractor. We are proud of our new facility and invite all interested parties to take a tour of this special building.

Please contact me if I can provide any further information. Thank you for considering this nomination.

Sincerely,

Brett M. St. Pierre
Residential Services Director
