Mr. James Sabin
Construction Solutions, Inc.
2263 W. Liberty
Ann Arbor, MI 48103

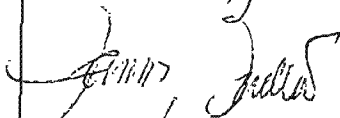

Dear Jim,

I would like to take this opportunity to thank you for all of your efforts in renovating both the exterior and interior of our Sanctuary at St. Michael Lutheran Church.

Considering the nature of our "special place", we commend you and your staff for respecting the area before, during, and after the construction phases of the project. Your always-helpful manner played a big part in completing the project as promised with quality results.

As with most projects, unforeseen changes do occur that can provide stress to tight timing schedules. We are most appreciative of you and your staff's professional and responsive efforts to meet commitments throughout the entire construction process.

Once again, thank you for being part of our project to provide a special place to serve the Lord.

James Bandli
St. Michael Lutheran Church
