Construction Solutions, Inc.
2263 W. Liberty
Ann Arbor, MI 48103

Dear Sirs:

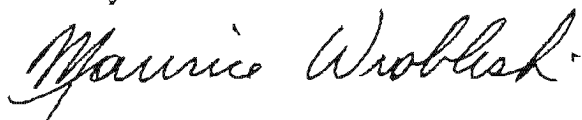

In 1995, Construction Solutions was awarded the contract for a 5000 square foot addition to my present building.

Mr. Kugler was the only bid to offer several options in building design and materials that we were unaware existed. His suggestions saved us several thousands of dollars.

James made himself available during the zoning and site approval to answer any of the boards' questions.

I would like to thank James Kugler and the entire staff at Construction Solutions for their commitment to a job well done.

Thank you,

Maurice Wroblewski
President
Murray Grinding, Inc.
