Dear Jim,

This letter should have been dated closer to December or January, as that is the time of year we all look at the previous year. Unfortunately we are late with it, but as they say, better late than never.

We are writing to express our appreciation for Construction Solutions Inc and our work together. We are pleased to have had the construction success in the past, and look forward to continued work together. Thank you very much for working with us.

As the sluggish economy impacts us in these times, it is important to reach out and confirm our commitment to you and your clients. We are committed to providing you with quality documents that solve your needs and our client's needs in an efficient, cost effective manner. During times like these, we can be very responsive to your schedule and budgetary needs.

Please do not hesitate to contact us for assistance in feasibility work, promotional work, and our typical A/E services. We look forward to our continued working relationship and our next project together.

Sincerely,

Piet W. Lindhout, CEO
